Speaking about the launch, the Founder & CEO of BusyBees said:

“We at BusyBees serve a wide range of clients, from apartments and villas to offices and hospitals. Our new tailored cleaning plans focus on giving more control to our clients over their services and packages, ensuring the best value for money they spend. Whether you need a one-time deep clean or a routine plan, we can tailor our services for you—without compromising quality.”

Why the New Plans Matter

Dubai’s dynamic real estate landscape is too large and diverse for a one-size-fits-all cleaning approach. The process of commercial building cleaning is significantly different from villa cleaning. BusyBees’ tailored packages ensure clients can:

- Select the exact services they need.
- Decide the frequency of cleaning, whether it’s one-time, daily, weekly, monthly, or other.
- Combine multiple services in one package.
- Enjoy flexible scheduling, including weekends, holidays, and emergency bookings.

Commitment to Quality and Safety

Among other things, BusyBees is known for its priority on customer service and satisfaction. Their staff are verified, insured, and highly trained to deliver cleaning services that meet Dubai Municipality standards. They use high-quality, eco-friendly, non-toxic cleaning products from brands like Diversey (US-based) and follow stringent quality control protocols to ensure efficiency and safety in every job.

Serving All Locations in Dubai

From Dubai Marina to Downtown Dubai, Palm Jumeirah to Jumeirah Beach Residence, and every existing and new project, BusyBees provides its full range of cleaning services in all neighbourhoods, societies, and communities city-wide, ensuring accessibility and consistent quality for all clients.
