Your Submitted Press Release

Miami, FL, United States, 8th Apr 2026 - ELPatronn10x, an automotive and lifestyle company owned by Rudy Tremenio, announced the opening of its Platinum Collection PB showroom in Delray Beach, expanding its presence in South Florida.

The new location introduces a retail concept that combines the sale of pre-owned luxury and exotic vehicles with a selection of collectible watches. The showroom is intended to serve customers in Palm Beach County and surrounding areas.

According to the company, the Delray Beach location will feature a rotating inventory of vehicles sourced through dealer networks and private sellers, along with a curated offering of timepieces. The company stated that the showroom is designed to provide a centralized location for clients interested in both automotive and watch-related purchases.

“Delray Beach was selected due to its proximity to several established residential and commercial communities,” said Rudy Tremenio, owner of ELPatronn10x. “This location allows the company to better serve clients in Palm Beach County and continue its operational growth in South Florida.”

ELPatronn10x currently operates in the South Florida market and is focused on expanding its inventory sourcing, digital presence, and customer outreach efforts. The company reports that it utilizes online platforms to connect buyers and sellers and facilitate transactions across multiple regions.

Industry analysts note that combining automotive sales with related luxury goods is part of a broader retail trend in which businesses offer multiple product categories within a single location. This approach is intended to diversify revenue streams and appeal to customers with overlapping interests.

The company indicated that the Delray Beach showroom represents part of its broader business development strategy, which includes evaluating additional markets within the United States.
