Your Submitted Press Release

Silver Spring, Maryland, United States, 27th Mar 2026 - Gastro Center of Maryland (GCM), one of the largest and most respected gastroenterology practices in the state, recently announced its continued expansion with the addition of Silver Spring and Bethesda Location. This strategic growth reinforces the organization's commitment to delivering expert, compassionate digestive care closer to home for patients throughout Maryland and the greater DMV region.

With this expansion, Gastro Center of Maryland now operates 9 locations across the state, including Annapolis, Bethesda, Columbia, Gaithersburg, Olney, Riverdale, Silver Spring, Timonium/Lutherville, and White Marsh. The practice's growth comes in direct response to increasing demand for specialized gastroenterological services as digestive health conditions continue to rise nationwide.

"Our mission has always been to provide exceptional, patient-centered digestive care to every community we serve," said Sarah, an employee. "This expansion allows us to bring our expertise, advanced technology, and compassionate approach to even more patients who deserve convenient access to world-class gastroenterology services."

Gastro Center of Maryland specializes in diagnosing and treating a comprehensive range of digestive and liver conditions, including acid reflux, irritable bowel syndrome (IBS), Crohn's disease, ulcerative colitis, hepatitis, fatty liver disease, and colon cancer. The practice operates state-of-the-art Ambulatory Surgery Centers equipped with the latest medical technology, offering advanced procedures such as Bravo pH testing, PillCam capsule endoscopy, STRETTA for reflux treatment, and the Orbera gastric balloon system for weight loss.

Patients benefit from GCM's integrated care model, which includes onsite pathology services and an IBD Infusion Center for faster, more accurate diagnoses and treatments. The practice also offers same-week and NextDay GI appointments, ensuring patients receive timely care when they need it most.

Gastro Center of Maryland accepts most major insurance plans, including private insurance, federally sponsored plans, and covered Maryland plans. New patients are welcome and can schedule appointments by calling (410) 290-6677 or visiting www.gastromaryland.com.

About Gastro Center of Maryland

Gastro Center of Maryland is one of the largest gastroenterology group practices in the state, providing expert, compassionate care for a wide range of digestive and liver conditions. With multiple convenient locations throughout Maryland and the DMV area, board-certified gastroenterologists, and state-of-the-art facilities, GCM is dedicated to helping patients achieve optimal digestive health.
