Your Submitted Press Release

HYDERABAD, Telangana, India, 10th Dec 2025 - Medesun Healthcare Solutions, a global leader in medical coding and billing education, proudly announces the launch of the **Certified AI Medical Coder (CAIMC)** program — the first and only training of its kind in India. This groundbreaking certification integrates **artificial intelligence** with **traditional medical coding education**, preparing professionals for the future of healthcare revenue cycle management.

As healthcare systems worldwide rapidly adopt **AI and automation**, the need for coders who can work effectively with intelligent coding platforms has never been greater. Medesun's **CAIMC training** bridges this gap by equipping students with both **in-depth coding knowledge** and **AI proficiency**, making them highly competitive in both domestic and global job markets.

"The future of medical coding is AI-assisted. At Medesun, we're proud to be at the forefront of this transformation by offering India's first Certified AI Medical Coder program. We don't just teach codes — we build future-ready coding professionals," said **Dr. Santosh Gupta**, founder of Medesun, a veteran coding educator with over 20 years of global experience.

What the CAIMC Program Offers

- **Comprehensive Training** in ICD-10-CM, CPT, HCPCS, ICD-10-PCS, E&M, and DRG
- Hands-on exposure to **AI-assisted coding platforms and tools**
- Coverage of AI ethics, automation in RCM, and coding workflow optimization
- Certification as a **Certified AI Medical Coder (CAIMC)**
- Eligibility for remote, high-paying jobs in the USA, UK, UAE, and other international markets
- Training by certified professionals: **CPC, CPMB, FIMC, and CAIMC holders**

Why Medesun?

Medesun has built a global reputation for excellence in healthcare training. With students from the **United States, Middle East, Africa, and Asia**, and over **20 years of proven success**, Medesun continues to lead with innovation, affordability, and high-quality education.

Medesun's trainers are **CPC (Certified Professional Coder)** and **CPMB (Certified Professional Medical Biller)** certified, ensuring that students are learning from industry-recognized experts. The CAIMC program adds another layer of specialization, aligning coders with the future demands of healthcare technology. The **Certified AI Medical Coder (CAIMC)** credential bridges traditional coding expertise with cutting-edge AI integration. As healthcare shifts toward automation, CAIMC professionals are uniquely

equipped to work with AI-assisted coding platforms, enhancing accuracy, speed, and compliance. Offered exclusively by **Medesun**, CAIMC prepares coders for global, future-ready roles in revenue cycle management. It's the smart choice for ambitious, tech-savvy healthcare professionals.

Who Should Enroll?

- Medical coding and billing professionals looking to advance
- Graduates seeking a tech-driven healthcare career
- RCM staff aiming to transition into AI-assisted roles
- Healthcare professionals looking to upskill with future-focused training

About Medesun Healthcare Solutions

Founded by **Dr. Santosh Guptha**, Medesun is a premier medical coding and billing institute with international presence and recognition. It offers a range of certifications including **CPC, CPMB, FIMC, and now CAIMC**, alongside specialized training in denial management, medical billing, and HIPAA compliance.

Enrollment & Contact

Admissions for the **Certified AI Medical Coder (CAIMC)** program are now open. Interested candidates can register or learn more via the official Medesun website
