Your Submitted Press Release

HYDERABAD, Telangana, India, 25th Oct 2025 - The demand for skilled medical coders and billers is growing rapidly as healthcare systems around the world depend on accurate documentation and coding. In India, Nexax Academy, an approved Medesun Training Center, is leading the way by offering AI integrated Medical Coding Training and CPMB Certified Professional Medical Biller Certification in collaboration with PMBAUSA LLC USA. Based in Hyderabad, Nexax Academy provides global quality education, practical training, and career oriented certifications in medical coding and billing.

About Nexax Academy – Approved Medesun Training Center

Nexax Academy is a trusted and advanced [medical coding and billing training institute in Hyderabad](#). As an officially approved Medesun Training Center, Nexax follows the international training standards of PMBAUSA LLC USA under the academic leadership of Dr Santosh Guptha, world record holder with 42 certifications and more than 21 years of healthcare education experience.

The academy focuses on practical training, real time exposure, and AI based learning. Students gain hands on experience using deidentified medical records, audit cases, and claim management exercises. The goal of Nexax Academy is to prepare industry ready professionals who are competent, accurate, and confident in handling real world healthcare data.

AI Integrated Medical Coding Training – The Future of Healthcare

Artificial Intelligence is transforming the healthcare industry by automating coding, auditing, and documentation review. Nexax Academy offers AI integrated medical coding training to prepare students for the future of digital healthcare.

Through AI powered modules, students learn how Natural Language Processing and Machine Learning assist in identifying clinical data, mapping ICD 10 CM and CPT codes, and improving coding accuracy. This combination of medical knowledge and AI skills makes Nexax graduates highly employable in the healthcare technology sector.

PMBAUSA LLC Courses Offered at Nexax Academy

Nexax Academy provides multiple globally recognized certification programs through PMBAUSA LLC USA. Each program is designed to enhance professional skills, global credibility, and compliance knowledge.

1. CAIMC Certified AI Medical Coder

The CAIMC program focuses on Artificial Intelligence in medical coding. Students learn how AI tools assist in coding automation, documentation review, and claim accuracy. The course covers AI algorithms, NLP in medical text analysis, and practical use cases in risk adjustment and DRG grouping.

2. CPMB Certified Professional Medical Biller

The CPMB program trains students in end to end medical billing and revenue cycle management. Topics include patient registration, charge capture, claim submission, payment posting, denial management, and appeals. Students also learn about Medicare, Medicaid, and commercial insurance systems. CPMB certified professionals can work as billers, AR callers, or revenue analysts in global healthcare BPOs.

3. FIMC Fellowship in Medical Coding

The FIMC Fellowship covers ICD 10 CM, CPT, HCPCS, DRG, and HCC coding with specialization options such as

- FIMC HCC for Risk Adjustment Coding
- FIMC Surgery and IP DRG for inpatient and surgical coding
- FIMC ED for Emergency Department coding

This fellowship provides practical experience equivalent to six months of work exposure.

4. CMCC Certified Medical Coding Consultant

The CMCC certification is designed for senior coders and auditors. It includes advanced topics like ICD 10 PCS, DRG validation, project management, HIPAA compliance, and audit methodology. Candidates are required to complete one thousand medical record assessments with a minimum of eighty percent accuracy.

5. FHIM Fellowship in Health Information Management

The FHIM course is a two month online program that covers data governance, clinical informatics, and health information management. Students learn how to manage electronic health records, data privacy, and analytics for healthcare organizations.

Why Choose Nexax Academy in Hyderabad

Hyderabad is known as the healthcare and IT capital of India. It houses many hospitals, RCM companies, and medical billing firms. Nexax Academy leverages this strong industry network to provide career opportunities and internships to its students.

Key advantages of Nexax Academy include

- AI integrated curriculum designed by Medesun and PMBAUSA LLC

- Experienced trainers and certified instructors
- Practical exposure through live case studies and internship programs
- Online and classroom training options
- Affordable fees with global certifications
- Job assistance with leading healthcare BPOs and hospitals

The combination of technical knowledge, AI skills, and Medesun accreditation makes Nexax the best choice for students looking for reliable and advanced medical coding training.

Career Opportunities after Nexax Training

Graduates of Nexax Academy can work in various roles such as

- Medical Coder
- Medical Biller
- RCM Analyst
- Risk Adjustment Coder
- Coding Auditor
- Compliance Officer

Certified professionals from Nexax are employed by top healthcare companies in India, the United Arab Emirates, and the United States. The salary packages for fresh graduates start from twenty five thousand rupees per month, while experienced professionals and consultants can earn more than one lakh rupees per month.

Global Recognition and Quality Training

Nexax Academy's affiliation with PMBAUSA LLC and Medesun ensures that every certification is globally recognized and valued. The academy emphasizes accuracy, compliance, and the use of advanced technologies in healthcare documentation. Students are guided step by step to achieve international standards of performance.

Each course includes exam preparation, mock assessments, and performance reviews. The training system is practical, flexible, and designed to meet the latest industry requirements.

Nexax Academy, an approved Medesun Training Center in Hyderabad, is transforming healthcare education through AI integrated medical coding and billing programs. With world class mentorship, advanced tools, and globally recognized PMBAUSA certifications such as CAIMC, CPMB, FIMC, CMCC, and FHIM, Nexax is helping students achieve international success in the healthcare industry.

If you are looking to start or advance your career in medical coding, billing, or healthcare analytics, Nexax Academy is your trusted destination for quality training, practical experience, and global certification.
