## Your Submitted Press Release

Moovers Chicago Inc. earned the [No. 74 spot](#) on the 2026 Inc. Regionals: Midwest list, placing the family-owned firm among the fastest-growing private companies in the region. The ranking follows a period of expansion for the logistics provider, which also received the 2026 Mover of the Year award from the Illinois Movers and Warehousemen Association.

The Inc. Regionals list recognizes companies based on verified revenue growth between 2022 and 2024. During this window, Moovers Chicago maintained a 95% referral rate while scaling operations to a fleet of 29 vehicles. The company now holds a 4.9-star rating on Google after completing more than 20,000 moves.

To address industry-wide safety concerns, the company equipped its entire fleet with Samsara AI dash cam technology. This hardware provides 360-degree awareness through front, side, and interior cameras to protect pedestrians and cyclists in urban traffic. The system helped the company reduce speeding incidents by 81% and limit accidents to two occurrences over five years.

"Growth in the moving industry depends entirely on trust and accountability," said a spokesperson for Moovers Chicago Inc. "By investing in AI safety technology and publishing transparent cost data, we provide customers with a level of protection that should be the standard for every professional mover."

The company recently published a market intelligence report analyzing 2,599 Chicago moves. The data revealed a 15% to 25% surge in moving costs caused by urban logistics pressures. Media outlets including Yahoo Finance and Business Insider featured these findings to help consumers understand current pricing trends.

Recent accolades for the company include:

- The BBB Torch Award for Ethics.
- A ranking of No. 1,713 on the national Inc. 5000 list.
- Designation as one of USA TODAY's America's Best Moving Companies in 2026.
- Two-time winner of the Community Choice Award for Best Professional Services.

The complete 2026 Inc. Regionals: Midwest ranking, including company profiles and an interactive database sortable by industry and metro area, is available at <https://www.inc.com/regionals/midwest>.
