# Your Submitted Press Release

**The Hague, Netherlands, 11th Mar 2025** - Ripples RPLS, a community-driven token on the XRP Ledger XRPL, is expanding its ecosystem with an upcoming launch on the Solana blockchain. This expansion aims to introduce RPLS to a broader audience and enhance its presence across multiple blockchain networks.

## Introduction to Ripples RPLS

Ripples RPLS is a digital asset designed to support entertainment, gaming, and community-driven initiatives. Since its launch on October 24, 2024, on XRPL, Ripples has developed a growing ecosystem that includes NFTs, games, and various digital experiences.

The project roadmap includes initiatives such as mobile gaming, NFT integrations, and community engagement efforts to provide value to token holders.

## Expansion to Solana

Solana is a blockchain network known for its transaction efficiency and growing ecosystem. By launching on Solana, Ripples aims to:

Increase accessibility for users across different blockchain networks.

Expand the reach of its gaming and entertainment initiatives.

Offer additional trading opportunities for users interested in RPLS.

## How RPLS on Solana and XRPL Will Operate

The RPLS tokens on Solana and XRPL will function independently, each with its own liquidity pool and market dynamics. Future development plans include exploring cross-chain interoperability options to enhance usability.

Additionally, a portion of revenue from RPLS on Solana will be allocated toward initiatives that support the broader Ripples ecosystem.

## Upcoming Developments

Ripples is actively developing mobile games such as **Ripples Jump** and **Ripples Racing**, with the goal of integrating blockchain-powered mechanics. The project will continue to focus on technology development, strategic collaborations, and community engagement efforts.

## **Information for XRPL Holders**

Existing RPLS holders on XRPL do not need to take any action regarding the Solana launch. The expansion serves as an additional blockchain presence rather than a replacement. Users interested in acquiring RPLS on Solana can do so once trading becomes available.

## **About Ripples RPLS**

Ripples RPLS is a digital asset built on the XRP Ledger, focusing on community engagement, entertainment, and blockchain-based applications. The project is expanding to Solana to enhance its ecosystem and provide additional opportunities for users.
