Your Submitted Press Release

Smile Orthodontics is thrilled to unveil its latest endeavor, Gifted Grins by Dr. Sarah, an initiative aimed at offering complimentary orthodontic treatment to deserving students in the Montauk community. In partnership with the Montauk School, [Smile Orthodontics](#) is dedicated to fostering smiles and confidence in children who may not have access to orthodontic care otherwise.

Smile Orthodontics by Dr. Sarah has long been committed to making orthodontic treatment accessible to the Hamptons community. With two convenient locations in East Hampton and Southampton, the practice prioritizes affordability, accepting all insurances, offering flexible payment plans, and employing time-saving technology for seamless patient experiences. As a resident of Montauk and a mother of three, Dr. Sarah Schroetter understands the challenges faced by families in the East End. Through Gifted Grins, she aims to give back to the community that she loves by providing life-changing orthodontic treatment to children in need.

Gifted Grins by Dr. Sarah will begin by granting free orthodontic treatment to two deserving students from the Montauk School each academic year. Candidates will be selected with the assistance of Montauk School staff, ensuring that those in genuine need receive the support they require. The only prerequisites are good academic standing and the presence of all permanent teeth.

The overarching goal of Gifted Grins is to offer orthodontic care to community members who may otherwise be unable to afford it. By providing free treatment, Smile Orthodontics hopes to bestow not only physical benefits but also the mental health advantages associated with a confident smile. While the program commences at the Montauk School, there are aspirations to expand its reach to other schools throughout the Hamptons in the future.

Smile Orthodontics extends heartfelt gratitude to Superintendent Joshua Odom, Nurse Karen Theiss, and Social Worker Jaime Balsam at the Montauk School for their invaluable assistance in launching this initiative. Their dedication to the well-being of their students has been instrumental in realizing the vision of Gifted Grins.

Beyond the evident physical transformations, Gifted Grins aims to cultivate confidence and self-esteem among recipients. A radiant smile can positively influence social and professional interactions, thereby leaving a lasting imprint on the East End community.

Founder Dr. Sarah Schroetter remarked, "This initiative represents our commitment to supporting the community that has supported us. I am optimistic that Gifted Grins is just the beginning of many opportunities to make a difference through orthodontic care." Gifted Grins by Dr. Sarah is poised to leave a lasting impact on the East Hampton community by empowering children with the smiles they deserve. Schools and organizations seeking assistance from Gifted Grins are encouraged to reach out, as the program is eager to extend its reach beyond its initial commitment to the Montauk School. Members of the

media seeking further information are also invited to connect with us.
