Your Submitted Press Release

[NFT-Strike](#), the groundbreaking intersection of Counter-Strike 1.6 and blockchain technology. Transform your gaming abilities into real money by trading unique weapons and NFTs. Possess virtual assets with tangible worth, and convert your gaming passion into a profitable venture.

Earn While You Play:

- Players utilize power units (HP) akin to hash rate in crypto mining.
- Accumulate power units to increase token earnings per in-game kill.
- Active participation not only entertains but also rewards.
-

Leasing Power Units:

- Players can lease their power units to others for additional earnings.
- Lessors receive a percentage of tokens earned by lessees.
- A win-win situation for both players and investors.
-

Trade In-Game Assets:

- Buy and sell weapons and character models on our marketplace.
- Unique weapon characteristics add a strategic layer to the game.
- Monetize your assets by selling them for tokens or real-world money.
-

Economy and Earnings:

- 5-25% of sold tokens are burned, enhancing the value of remaining tokens.
- Token issuance decreases with each million, ensuring project longevity.
- Players and investors can expect returns within 5-8 months.
-

NFT Collection:

- Curated collection of 2500 unique NFT items from Counter-Strike 1.6.
- Showcase dedication, stand out, and monetize your in-game achievements.
- Trade or sell NFTs on our marketplace for real-world value.

-

Unique Features:

- Innovative in-game token mining.
- Rent HP power to other players for additional income.
- Revenue opportunities for token sales participants.
- Exciting investment return possibilities.

Join NFT-Strike Today:

- Be part of the gaming revolution where NFTs meet Counter-Strike.
- Prove your skills, earn real-world value, and enjoy a rewarding gaming experience.
- NFT-Strike is the first game product from Proxima Lab Game Limited, a registered company in the United Kingdom with registration number "14081213.
