Your Submitted Press Release

November 14, 2025 | Source: Poain BlockEnergy Inc.

New York, November 14, 2025 (Global News Agency) – [XRP](#) is currently trading well at \$2.27. Poain BlockEnergy Inc. launched its enhanced AI Smart Staking Contract 2.0, dedicated to blockchain innovation. This contract will improve the accuracy of earnings and allow users to better participate in the XRP ecosystem.

This upgrade incorporates a neural network learning protocol that scans network liquidity, optimizes daily staking earnings, and reduces volatility risk. Meanwhile, the pre-sale of the company's native token, [Poain Coin \(PEB\)](#), was a huge success, raising over \$2.8 million in initial funding.

Poain Coin (PEB): The Fuel of AI Smart Contracts

The PEB token forms the foundation of Poain's ever-expanding decentralized infrastructure. It drives everything on-chain, such as staking settlement, AI contract activation, and ecosystem governance.

PEB is currently in pre-sale, trading at \$0.007, and is expected to rise to \$0.008 as market demand grows, representing a projected 420% increase in value after issuance. Analysts believe that PEB's practical framework makes it one of the top-performing tokens in the AI ??DeFi industry.

[AI Smart Staking Contracts](#): Easily Earn Real Returns

Poain's AI smart staking system eliminates all technical requirements, allowing users to earn cryptocurrency returns without any technical equipment or trading skills. The site operates entirely in the cloud and utilizes renewable energy nodes for sustainability and efficiency.

Poain's smart contracts leverage real-time data analytics and machine learning optimization to simulate the returns of high-frequency trading, meaning even individual investors can access enterprise-grade computing performance.

Getting Started in Three Easy Steps

Joining Poain is incredibly simple and takes only a few minutes.

1. Register: Register to receive a [\\$15](#) trial bonus and experience the system's features.
2. Choose a Plan: Select a staking plan from 2 to 50 days to suit your needs.
3. Earn and Withdraw: View your earnings in real time and withdraw instantly in XRP, BTC, ETH, or USDT.

As a convenient introductory mode, Poain allows users, especially young investors and newcomers to DeFi, to earn blockchain rewards while learning how decentralized networks work.

Three Smart Plans to Meet the Needs of Various Investors

Poain offers flexible AI-powered smart asset plans to meet the needs of different investors:

- 2-Day Introductory Plan: +3% return - Best for beginners.
- 5-Day Growth Plan: +6.5% cumulative growth rate - Suitable for conservative investors.
- 10-Day Compound Interest Plan: Total return up to 13% - Designed for even higher returns.

Poain is powered by an AI engine, helping to ensure consistency and transparency across all initiatives. Participants can choose to receive rewards in XRP or PEB, with loyalty rewards earned by staking PEB tokens.

Presale Progress and Post-Sale Potential

The PEB presale has garnered significant attention and support from both retail and institutional investors.

- Presale Price: \$0.005
- Next Round Price: \$0.008 + 10% Presale Instant Returns
- Total Supply: 2 billion PEB
- Funds Raised: \$2.8 million

Token Highlights:

- Deflationary Token Economics: Based on an automated buyback and burn system using staking.
- Long-Term Security: Team tokens are locked for 5 years to ensure market stability.
- Governance: Users must vote on protocol updates and new AI modules.

Profit Potential:

Early adopters will benefit from the presale price and the practical needs of the ecosystem. Analysts believe PEB's value could increase by 230% to 550% after its initial exchange listing, depending on adoption and liquidity development.

Next-Generation Education and Empowerment

Poain is committed to popularizing blockchain knowledge globally and continuously improving its technology.

Through its AI-powered smart staking education platform, young users can learn the fundamentals of blockchain participation and economic self-reliance through interactive tutorials, real-world simulations, and cloud computing credits.

Poain combines innovation with education to ensure that the advantages of decentralized finance extend beyond profitability—users will be able to understand and influence the future of the digital economy.

About Poain BlockEnergy Inc.

Poain BlockEnergy Inc. is a blockchain technology company dedicated to enabling smart contracts through artificial intelligence and sustainable cloud computing systems. The company's mission is to democratize decentralized finance by enabling users worldwide to securely earn rewards through automated blockchain processes.
